Gyueun Kim

Software Engineer

Seoul, South Korea

Summary

"Solving problems through the tool of development"

- Passionate about automation, structuring, and refactoring to improve recurring tasks and inefficient processes.
- Experience about launching a service in just 8 weeks, automating API documentation generation, and building CI/CD pipelines.
- Thrive in environments where everyone is aligned and enjoys working collaboratively.

Experience

CoarSoft

Backend Engineer

March 2023 - November 2024 (1 year 9 months)

Seoul, South Korea

- Improved API server architecture through refactoring and handled API design and development
- Automated the management and deployment of API documentation using Swagger
- Established standardized GitHub practices for the team and authored detailed guides

Everly

Backend Engineer

November 2022 - February 2023 (4 months)

Seoul, South Korea

- Led service planning (35%) & backend system design (50%)
- Managed three servers, responsible for API design and development
- Leading to the successful launch of the service in approximately 8 weeks
- Created a Nest.js template and wrote guidelines to assist team members unfamiliar with Nest.js in adapting and collaborating effectively

Wooah

Development Team Lead

November 2021 - October 2022 (1 year)

Seoul, South Korea

- Led service planning and spearheaded the design, construction, and development of backend systems
- Automated the manual collection of nail art data by creating a web scraping server, resulting in a reduction of over 50 hours in data collection efforts (60% of the project focus)
- Built an automated deployment pipeline with GitHub and Webhooks, improving deployment speed to under 3 seconds

TeamNova

1 year 4 months

Education Section Lead

December 2021 - August 2022 (9 months)

Seoul, South Korea

- Provide guidance on best practices and learning strategies
- Feedback student's assignments of Websites and AOS Apps

Education Mentor

May 2021 - December 2021 (8 months)

Seoul, South Korea

- Help students in effective study methods for software development
- Mentoring various students, including non-majors and career developers in their 20s and 50s

Education

Academic Credit Bank System

Bachelor of Business Administration - BBA, Business Administration and Management, General · (March 2020 - August 2020)
